TO-DAY'S MAME. Exciting Spragle Between Washington and Wheeling — The Linslys Defeates High School in a

Beautiful Game There will be a top-notcher football game at the Island ball park this af-ternoon, or all carplations will be at Saturday's miscrable exhibition as to completely hide it away. The visiting team comes from Washington, Pa., the home of the soothalt crank, the college-laden baniet where mothers teach their children, even in infancy, to tackle law. Washington will have the last clave results to secure in the best eleven possible to secure in the town, and Wheeling's line-up will rep-resent the linest talent in the city and

town, and Wheeling's line-up will represent the linest taken. In the city and surroundist, burgs.

The local lads sub in the nicest condition possible for the fray. They have practiced hard all week, under "Bob" Edwards' tutelags and there will be twenty man in uniform, so, that there is an abundance of material. With Washington will be several ext. & J. players and as the team has been playing steadily since early in September, the visitors are due to be dangerous at all stages. They will arrive here about 10 a. m., making their headquarters at the Howell, and as they return on the 5:20 Baitingore & Ohio train, the game is called for 2:30 p. m., sharp.

The gridjron will be roped tightly and no breaking in of the crowd will be tolerated. Sufficient police protection to ensure the speciators in the grand stand a good view of the play, will be had. Nothing but a clean, gentlemanly game will rule, for the management is determined to have football run on a high plane. The officials will be capable gentlemen and everything to warrant liberal patronage will be a guiding motte. There will be no admission for laddes. Wheeling rooters are urged to bring plenty of red and blue.

Ow just to the numerous candidates,

Owing to the numerous candidates, Owing to the numerous candidates, the local team's line-up may be altered in the second half. The players to figure are about as follows: Norrington or Adams left end; Slippner, left tackle; Barnett or Smith, left guard; Mathis or Blake, center: Lynch, right guard; Specht, right tackle; Coss, W. Thomas or Pickett, right end; Kincheloe, quarter back; J. Edwards or H. ards, right half-back; R. Edwards, left half-back; W. Edwards, full-back The subs will include H. Deiters, C. Linsly Defeats the Wheeling High

School in Their Second Engage ment.

The orange and black of the Linsly Institute was triumphant over the Wheeling high school colors, in one of the prettiest football games ever seen on the Island ball park gridiron, yesterday afternoon, in the presence of a large crowd, in which the fair six was nite prominent, and intense and quie prominent, and interess and ex-thusiastic rooting very prominent. Thege teams met once before this season neither scoring, and a repetition of this result was almost as good as counted until within a few minutes of the end of the game, when Half Back Otto waddled around the high school's left end for forty yards and a touch-down. The goal was missed. It was a superb battle for supremacy

It was a superb battle for supremacy, the high school showing unexpected good form. Twice they had Linsly on the five-yard line, but then came the stand at Thermopylae. There were many fine bits of play, but the work of Hoge, of the high school, was henomenal. Other stars for the high school were Contad and Hesse. The most brilliant work for Linsly was done by Otto, Killineyer and Fair. The joy in the Linsly camp over the victory was great to behold.

Bonner is down to 168 pounds, and eager for the fray. While here to-morrow. Bonner is down to 188 pounds, and eager for the fray. While it is not generally known, there is some little enmity between Bonner and the Pittsburgh heavyweight, and it may be in evidence when they clash Monday. In evidence when they clash Monday nisht. Finnegan's friends laugh at the idea of Bonner putting him out early, and they instance his showing with Tom Lansing, who was in Bonner's class. That Finnegan has improved will be shown in no uncertain manner. He now weighs 174 pounds, and his three weeks' training has put him in the finest shape.

"A Rug Time Reception," opened at the Opera House last night to a large audience and it one continuous round of applause is any criterion, the performances this afternoon and this evening, with be packed to the doors. The show scored an emphatic and senerous hit and it deserved it, for it is a clean-out comedy, free from any vul-garity in either word or action, and is replete with witty dialogue, sparkling music, catchy songs and specialties ual members of the cast are all excellent and all scored hits. Gus Pixley, as the tramp, was irresistibly fanny and he kept the audience convulsed every moment he was on the stage. Edith Kingsley in rar-time songs, was a pronounced favorite, and her rendering with double notes of "Why Dop't You. Get a Lady of Your Own." was a gent and beautifully sung. Will and Brede DeVaull, as fancy dancers, were splendid, as were Gladys Van, as Nevi Tonchme, May McCabe in a character part, Charles Roach as the "coon," and Olive North, whose sweet singing of "Those Dear Eyes," was warmly applauded. A Rag-time Reception is a splendid high class production, and will certainly draw big houses during the remainder of its engagement, which includes a matinee this afternoon, and the closing performance to-night. the tramp, was leresistibly funny and

Star and Play Both Good.

"A Country Merchant," Mr. McKee Rankin's clever play of life in a New Engiand village, with the eminent Yankee comedian Mr. Charles Cowles, in the star part, will be the attraction at the Grand for a hair week, commencing Monday. Mr. Cowles promises a performance of particular merit, including many musical specialty novelities, special scepery and a fine case of supporting players.

Kellar's New Deceipts.

Magician Kellar, who is without question the greatest necromancer of modern times, will appear in this city shortly, with an entertainment, which shorty, with an entertainment, which promises to colines his former efforts, in every detail. He deals this year in the mysteries of the Hindoo magicians, about whom so much has been written and whose exploits he fairly outrivals. He will offer a dozen new illusions and a host of new tricks in small magic, at the Opera House, Monday evening.

We Are to Get "Zaza."

On Tuesday evening, November 14, at the Opera House, Mr. Charles Frohman will present "Zaza" for the first time in this city. The company has been especially selected and chosen because of their fitness for the parts in the play. Of the worderful success of "Zaza" in New York, where it has even eclipsed the successes made by such plays as "The Little Minister," "Cyrano de Bergerac" and "The Christian," everyone knows, and that Mr. Frohman will present it throughout the country in the same excellent manner as to cast and production that gave it fame and fortune on Broadway, no one will doubt. man will present "Zaza" for the first

"Prince of Liars."

The very successful engagement of the Gibney-Hoeffler Company at the Grand Opesa House, will be brought to close with matinee and evening per-formances to-day, when the company will present the well known dramatic success, "The Prince of Liars." It is a strong play, and will be splendidly

HUNDREDS HAVE DIED

Because They Did Not Understand that This Was a Method of Application and Not a Remedy.

THOUSANDS MORE WILL DIE

Unless They Are Taught the Name of That Remedy Which Does Cure by Inhalation.

THERE IS BUT ONE.

Just one year ago, after twenty months of actual test among their own patients, some thirty-nine hundred regular physicians expressed their faith in the New Treatment for Catarrh, Bronchitis, Pneumonia and Consumption by endorsing it as a cure for these diseases over their own signatures. Immediately following this came the announcement by the different Health in large cities where the new cure was used, that within the past year there had been a reduction of over thirty (30) per cent in the death rate from consumption alone. These statements greated the most profound sen-sation among the profession and public at large, for even the best informed medical men have always claimed that there was no positive cure for such diseases; yet, there was more evidence to come, and this of the most astound-Inside of twelve months over sixty of the largest advertising specialists in the country had discarded their old treatments and were advertising to cure by inhalation-the most positive evidence which could be given of the great value of the new cure, and

Herein Lies the Great Danger to the Public.

The owners of this new remedy, in order to show the people that their treatment was entirely different from all others, adopted this phrase in advertising: "Cures by Inhalation." Unfortunately, those suffering from diseases of the air passages did not understand that "Cures by Inhalation" meant the method of applying the remedy, and not the remedy itself; consequently, when others began to advertise cures by inhalation no inquiry was made as to what remedy it was that cured by this method—a great mistake, which, no doubt.

The Whole Truth About Inhalation.

For years it has been known that through inhalation alone could the air passages in the head, throat and lungs be reached, yet no successful attempt was ever made by the medical profession to cure these diseases by this method,

For the Following Reason:

Until the discovery of Hyonei no dry air germicide had ever been found which could be inhaled in the air we breathe without injury. Hyomei alone made cures by inhalation possible; without Hyonei all the inhalers in the world would not cure consumption, pneumonia or catarrh. No better evidence of this can be given than the fact that out of the sixty-one inhalers placed or the market within the last year but two are left, while the use and sale of Hyomel has increased a thousand-fold; thus proving beyond all question that without Hyomel all attempt to cure by inhalation have proven failures. Having made this plain, we would ask you to remember these few facts when In need of a treatment for coughs, colds, catarrh, bronchitis, asthma, pneu monia and consumption.

There is but one way of reaching these diseases, BY INHALATION. There is but one Dry Air Germicide that can be inhaled—HYOMEI.

There is but one treatment for the respiratory organs which is guaranteed

to cure, and your money refunded if it fails—HYOMEI.

Hyomel cured over eighty thousand persons suffering from diseases of the respiratory organs during the past year, and would have undoubtedly saved the lives of thousands more had they but known the truth about inhalation.
